

FOR SALE – IN 2010

After 31 years of activity in the field of thermal spraying, we are selling our company.

The situation of our centre of activity is ideally placed in the centre of Europe, along the highway E25, near Germany, France and the Netherlands.

The office and the workshop are in a new building of 750 m². Moreover, our 6.000m² of building ground are a great possibility for the extension of the activity.

General Metal Alloys is a small team of 4 people specialized in :

- manufacturing his own thermal spray machines as plasma, arc spray system, H.V.O.F. classic and kerosene;
- retrofitting the installations to the CE standards;
- research in the improvement of metal spray method;
- import-export of wires, powders and spare parts.

Our turnover is for 10% in the Belgian Market and 90% in the Common Market and at the great exportation.

The business assets of our company are comprised of :

- 2 acoustic rooms
- 2 plasma systems METCO 9MB
- 2 plasma systems Miller – Praxair with SG-100 gun
- 2 plasma systems Plasma-Technik
- 1 Sulzer Metco Diamond Jet automatic installation
- 2 Jet Kote systems
- 1 robot Fanuc
- 1 hypersonic kerosene system with JP5000 gun
- 1 grinding machine
- 2 turning lathes
